## House Numbering Underway Pahokee

City mail delivery service for Pahokee has been approved by the U. S. Postoffice Department and as soon as the new numbering of houses and the installation of street markers are completed the service will get underway.

Pahokee Chamber of Commerce was notified by Congressman Paul Rogers of the official approval of the service.

Postmaster E. A. Jensen said he was sure the service would be approved because he has been receiving supplies for the delivery for over a week.

Duncan Padgett is distributing the house numbers for the city and city officials are urging homeowners to put the numbers on their houses as soon as possible.

The distribution of home numbers was held up this week because Padgett ran out of numbers. City Clerk Patsy Batchelor said. But more were ordered and they are now ready for distribution.

Seven streets have been named the City Clerk said. They are: S. W. 31st Place has been changed to Adams Place; S. W. 32 Place, has been changed to Brookler Place; S. W. 41st Place to Carver Place; S. W. 42nd Place, to Daniel Place; S. W. 51st Place, to Envy Place, S. W. 51st Place, to Farm Place, and S. W. 62nd Place to Golden Place.

The Chamber of Commerce sparked the movement for the mail delivery service by getting out the original petition and going all out for the service. The City of Pahokee and other civic clubs have also supported the movement.

## New Zoning Board Members Named

First members of the county's new zoning board were announced this week by the county commissioners.

The new board, made of county residents from the five commission districts, was authorized by special legislation. The county commission, districts, was authorized by special legislation. The county commission, at present, sits as a county zoning board and as of Oct. 1, will turn over its authority as zoning commissioners to the citizen board.

Commissioner Paul Rardin named Walter Hooker as a board member from District 5 and Commissioner Kenneth Foster named Dr. V. D. Stone as member from District 1. Other members of the five man board will be named shortly, the other commissioners said.

## Dr. George Gant Ends Internship

George Gant, son of Mrs. George Tombaugh of Pahokee, has completed his medical internship at a hospital in Austin, Tex.

Dr. Gant received his degree in medicine at the University of Miami. He took his pre-med work at El Paso, Texas. He attended Pahokee Elementary school and graduated from Seacrest High School in Boynton Beach.

Dr. and Mrs. Gant will arrive in Pahokee this week for a visit with his mother.

## Garbage Dumpers To Encounter Law

County Commission this week agreed to crack down on residents illegally dumping garbage along county roads.

Chairman Lake Lytal said the practice of dumping garbage and trash along the roadside is becoming wide spread and he described it as "the lowest, filthiest thing a resident can do."

At his suggestion, the commission voted to inform the sheriff's department, health department and mosquito division to be on the lookout for the offenders and if possible to place the law breakers under arrest and fine them for making garbage dumps out of the roadside areas.

"It's the nastiest thing I've ever seen," Lytal declared.

## Another Service At Office Building

At the request of Circuit Judge R. O. Morrow, the county commission this week, agreed to make space available for special master's hearings, in the Glades courthouse annex.

Commissioner Paul Rardin said he would see to it that space will be made available for the hearings. Special master hearings have been assigned by judges in cases where much of the preliminary testimony in cases can be heard by the special masters to relieve crowded court calendars.

Judge Morrow said hearings are held in the court house at West Palm Beach but in the past such facilities were not available to special masters in the Glades.

Said Commissioner Rardin "This will be just another way in which we can help the citizens who live 40 miles away from the courthouse."

Additional space at the Glades annex will be made available in a remodeling program that has already been approved by the commission.

## Graveside Services For Mike Sanders

Graveside services were conducted Tuesday morning for Mike Sanders, 27, of Canal Point, at Fort Mayaca Cemetery. The Rev. Charles P. Stewart, pastor of Canal Point Baptist Church, was in charge of the service. Mr. Sanders died Saturday at the Tuberculosis Sanatorium in Lantana, Fla. after a long illness. He was a native of Rumania and had no relatives in this country. Williams-Wetherington Funeral Home, Pahokee, was in charge of arrangements.

John T. Leslie, head of the Florida Citrus Exchange, says Canada's action in lifting restrictions on color-added oranges is a boon to the state's fresh fruit shippers. He expects an increase of several million boxes a year to the Canadian market.

A grapefruit mission headed by Florida Citrus Commission representatives will visit London this summer for talks with officials on easing of citrus-import restrictions in Great Britain.

## Canal Point Ends Summer Rec Work

Canal Point Summer Recreation Program closed this week with special events to mark the closing.

Thursday was field day with athletic contests, art and handicraft exhibits completion of swimming lessons and a picnic for all at noon on the school grounds. Sack races were staged with Lesa Threlkeld and Henry Moore winning in the preschool age division; and Janic Yoemans and Jackie Yoemans winning in the other division.

A doll show was one of the features of the day with Kathy Maxson winning first place; Debbie Hodges, second and Lesa Threlkeld, third.

Arts and handicraft done during the program were on display and parents joined the children to view the work accompanied.

Some 63 children were enrolled with an average attendance of 45 which is the best average since the program was inaugurated.

Mrs. Charlotte Walston and James S. Threlkeld were in charge of the program which started six weeks ago.

## Parathion Kills Vegetable Worker

FLORIDA CITY, Fla.—A second fatality within two months prompted Dade County health authorities and newspapers Wednesday to urge cautious use of an insect powder derived from a deadly nerve gas developed by Nazi Germany in World War II.

Clarence Akins, 55, a farmer, died gasping Tuesday 24 hours after he had dusted a two and one-half acre crop of collard greens.

An autopsy report showed Akins died of suffocation as the result of parathion poisoning that paralyzed his nervous system.

In the all-day job of spreading 20 pounds of insecticide, commonly known as "two-dash-five" because it is composed of two percent parathion and five per cent DDT, Akins kept a strip of cloth wrapped around his nose and mouth.

But this was not enough protection, said Dr. Joseph Davis, county medical examiner. Users of parathion, he said, should wear a spraying mask and gloves to avoid inhaling or direct skin contact.

Parathion poisoning symptoms are shortness of breath, nausea, vomiting inability to walk and diarrhea. If they appear, medical attention should be called immediately, Davis said.

If taken quickly, atropine is an effective antidote.

Two-year-old Joseph C. Thomas also of Florida City, died two months ago as the result of parathion poisoning. The child had eaten some powder from a bag of insecticide a friend gave his parents to kill roaches.

The Florida Development Commission says employment in electronics plants is up 50 per cent over last year with the Martin plant in Orlando the largest single employer in the state.

Mrs. Alice Dewhirst left Thursday for a visit with relatives in Savannah, Ga.

## Jimmy Vann Is Elks Hi Official

James W. Vann, member of Pahokee Lodge No. 1638 BPOE, has been named District deputy grand exalted ruler by Wm. S. Hawkins, grand exalted ruler of Coeur d'Alene, Idaho. Vann has been a member of the local lodge since 1947. He has served as exalted ruler of the local lodge, and as vice president of the Florida State Elks Association.

He is the third member of Pahokee lodge to receive this honor. The others were B. Elliott, who was appointed in 1944-45; L. J. Fraser, 1956-57.

He will attend a conference school in Bedford, Va., Aug. 15 where he will receive instruction on the National program of the Elks and be sworn into office.

## Boat Ramp Sought On Dike Near SR715

Additional launching facilities for Glades boatmen are being sought this week by County Commissioner Paul Rardin, who is asking state and federal agencies to aid with the project.

Rardin, vice chairman of the county board, told the commission Monday he hoped to work out plans for building a launching site on the dike near Road 715, midway between Belle Glade and Pahokee.

He said he would confer with the U. S. Engineers in Jacksonville this week and also planned to meet with State Road Department officials at Tallahassee. Permission for construction of the launching area would have to be obtained from the Corps of Engineers which controls the dike around Lake Okeechobee. State aid is being sought in connection with the road department's wayside park area program.

Rardin received full cooperation of his fellow commissioners in behalf of the project.

## Clewiston Inn Is Honored In Chicago

CLEWISTON—U. S. Sugar Corporation's popular Clewiston Inn was honored in Chicago last week at a dinner attended by the leaders in the nation's restaurant and lodging industries.

The famous inn and restaurant received a citation by Duncan Hines for "achieving and maintaining exacting standards of quality, service and value over a span of a fifth of a century."

The award was made by Roy H. Park, vice president of Duncan Hines Institute, in the memory of Duncan Hines who died March 15. Clewiston Inn is one of the few Florida establishments to be listed in all the Duncan Hines travel guides for the past 20 years.

The Florida Railroad and Public Utilities Commission has announced the granting of rate increases to Tampa Electric Co. that will enable the utility to realize \$1,585,000 in additional annual revenue.

Miss Eva Gail Guthrie, student at Charron-Williams College in Miami, will arrive over the weekend to spend a week with her parents, Mr. and Mrs. Leon Guthrie.

## Lake 2 Ft. Higher Causes Concern

WEST PALM BEACH — High water in Lake Okeechobee during the hurricane season is causing concern among engineers and officials of the Florida flood control district.

Although lake drains are flowing to the capacity of safety for the surrounding area, continued heavy rains, high water flowing into the lake from the Kissimmee River, and overcast skies that have cut down on the evaporation, have teamed together to give FCD officials a source of worry.

David Click, FCD chairman, reported the lake is running a foot and a half to two foot above the level desired during hurricane season.

"Normal level of the lake at this time of year is about 13 feet, Click said. "The lake level is now running a little more than 15 feet."

"This is a little too high for this time of year," Click said. "To lower the level of the lake we've been putting water into conservation districts 1, 2 and 3, but we don't want to overload them. There is no cause for alarm, but we would like to have the lake a little lower during this season."

Engineers for the FCD have reported that all outlets are flowing to the limits of safety. However, recent rains over drainage areas have restricted the amount of water that can be released from the lake. Many of the drainage areas are thoroughly saturated and the addition of waters from the lake could cause flooding.

For instance—the Claosahatchee River area is filled with local runoff. A recent 10-inch rain in the Fort Myers area dumped plenty of problems in that area. The FCD is not eager to complicate them with more Okeechobee water.

What would happen if a hurricane hits? FCD engineers answer this with a verbal shrug.

Every hurricane is different, they say. Meanwhile the FCD officials are trying everything possible to get the lake level back to the limits set for the hurricane season. — Miami Herald.

## Pahokee Summer Rec Program Ends

The summer recreation program at Pahokee came to a close this week with athletic events and contests on the closing day.

Features on the closing program were bicycle races which were won by Butch Windham, Wayne Boynton, Keith Aldridge, Chuck and John Pell, Bill 'Suggs, Ted Butler and Joe Thompson. Winners in the basketball foul shooting contest over Buddy Lampi and Don Kelly. Some 280 children were enrolled in the program which has been in progress for six weeks.

Six major airlines are seeking authorization for service between Miami and California—American, Braniff, Delta, Eastern, National and TWA. Capital, California Eastern and Western air lines are applicants for parts of the route.

### Here Is What Transpired At Monday's Meeting Of The Palm Beach County Commission

The county commission decided this week to go ahead with plans for remodeling the terminal at International Airport and to seek new carriers to operate from the base.

A time table of Dec. 1 was set in order that additional facilities can be ready for the coming winter season.

The board learned this week that Delta Airlines is readying its lease for space at the port. It also learned that Capitol Airlines, which was scheduled to start operations out of the Palm Beaches, is not in a position to come in at this time.

The board decided to look around for other airlines that might be interested in bringing additional service into the Palm Beaches.

In another action concerning the airport, the commission voted to call a public hearing on a request from the Yellow Cab company to hike its rates from the airport from \$1 to \$1.25 in West Palm Beach and to \$1.50 to Palm Beach.

In other actions this week the commission:

Approved a trip for County Agent M. U. Mounts to attend a convention being held at Miami.

Approved a trip for County Engineer Steve Middleton to attend a beach erosion meeting at Tampa.

Delayed action on a request from Belle Glade to four lane a road leading to the Glades court house annex. The Belle Glade commission asked that the request be held in abeyance until the next State Road Department budget is drawn.

Heard that under a new law, prisoners can be sentenced to the county jail for terms up to five years instead of one year as is now the law. County Attorney Harry Johnston said the new act was drafted as an emergency measure to help alleviate crowded conditions at Raiford.

Possibility that Palm Beach County may negotiate another road and bridge bond issue—to be repaid out of gasoline taxes—was seen this week following a discussion by the county commission.

The idea of a bond issue to finance needed road and bridge projects, is not new with the commission. This means financing construction programs has been done in the past—the latest a \$4.3 million issue which rebuilt Royal Park Bridge and paid for several other projects which included money for Ave. E. at Belle Glade, Boynton Beach West Road, Lake Shore Drive at Canal Point and Palm-to-Park Bridge at Boca Raton.

Under the plan, the commission earmarks a portion of its anticipated gas taxes as payment on the bond issue. Work is supervised by the State Road Department.

The commission, this week, in reviewing the present bond program, said the issue is in "good" financial shape. The board estimated that by 1962 to 1964 another issue could be arranged.

Projects for the proposed new issue would likely be picked from

a road origin and destination survey which lays out a 20-year road and bridge program for the county. The survey was completed by the State Road Department and is now in the process of being published.

Bond issues, the commission explained, makes it possible to procure all at one time for several planned projects instead of waiting several years to have the projects completed on a piece-meal basis.

A commission conference is expected to be called in the near future to discuss the proposed issue and projects which would be included in the plan.

### Control Chinch Bug In Lawn Grass With Trithion, Says Kerr

GAINESVILLE—Two years of research at the Florida Agricultural Experiment Station indicated that Trithion will give satisfactory control of chinch bugs in St. Augustine grass.

Dr. S. H. Kerr, assistant entomologist, says the new material does not supersede previous recommendations, but merely is added to the list of effective controls.

Trithion, like Diazinon and VC-12, is an organic phosphorus compound. It will control chinch bugs in parts of Florida where DDT now has little effect. One of the three phosphatic pesticides should be used by home owners for best results in chinch bug control in the southern part of the state.

Dr. Kerr says DDT can still be used successfully in North Florida. The results with DDT in the middle part of the state seem to be erratic. If any control difficulty is encountered, use a phosphatic compound, advises the entomologist.

Trithion has a dangerous level of oral toxicity. Very little needs to be taken into the body through the mouth to cause poisoning. The danger of poisoning through skin absorption is considerably less. Since principal contact with pesticides for lawn use is by skin contact, Trithion is judged sufficiently safe for handling by home owners.

At present, Trithion is being sold as an emulsifiable concentrate which contains two pounds of technical Trithion per gallon. The basic dosage is 2-3 pint of Trithion 2E to every 1,000 square feet of lawn, or 71-4 pounds of technical Trithion per acre.

Home owners using garden hose attachments should put 2-3 cup of Trithion 2E in the jar. Fill the jar with water and empty the contents over 500 square feet. One application has given effective control for six to eight weeks.

Mrs. W. K. Buchanan, Mrs. Pope Sears and Mrs. Eustice Blackwell are attending School of Missions at Southern College in Lakeland this week. Mrs. Sears is a district officer.

### Right Precautions Will Help Prevent Molds and Mildew

GAINESVILLE — Mildew and mold are often serious problems for Florida residents, but steps can be taken to ease the situation, according to Erdman West, mycologist with the Florida Agricultural Experiment Station.

West says not matter what they are, or what they are made of, things will not mold or mildew if they are clean and dry. All leather goods, including shoes, belts and luggage, should be thoroughly cleaned and polished before being stored in a closet. This will make the nearly immune to molds in storage.

Clothing that has been worn, especially in rainy weather, must be aired and dried thoroughly before being hung up or put in with other dirty clothes. Clothing should be washed or dry-cleaned before being stored.

Mattresses and cloth-covered furniture should be air-dried in the sun if they become damp. Food and other dirt should be removed as quickly as possible with a damp cloth. Material may be dried by placing it in front of a fan.

West points out that books are often a problem this time of year. They must be kept in a dry place. The best preventive in this case is a book lacquer. A thin coating applied to front and back covers will prevent weakening of the binding.

In very damp situations, extra precautions may be taken. A small electric light bulb, suspended near the floor in a closet, will help keep it dry. Small heating units are made for this purpose also.

Another aid is a mixture of para-formaldehyde and para-dichloro-porous crystals, marketed in small porous sacks. These are useful for hanging in closets or placing in bureau drawers, trunks, and cedar chests.

Paint the inside of bureau drawers and closets with white shellac, diluted with equal parts of rubbing

alcohol, to which is added a few crystals of thymol. This will prevent musty odors.

### Minor Elements Are Now Incorporated In Fritted Fertilizers

GAINESVILLE — Fertilizers made from glass are now being used in Florida to prevent rapid leaching from the soil, according to H. W. Winsor, assistant chemist with the Florida Agricultural Experiment Station.

Winsor, who had been working with boron, studying the causes of its rapid leaching, searched for a less soluble form of the material. Other scientists were fighting the same problem.

After a nationwide search, silicates were deemed the nearest natural answer to the problem. But little of the material was found in natural glasses. Finally one com-

pany began making a glass fertilizer which contained one or two of the minor elements.

All six of the minor elements can be incorporated into this product, including boron, copper, iron, manganese, molybdenum and zinc.

According to Winsor, 25 to 50 pounds of the glass fertilizer, called frit, per acre has produced excellent results. Plants bloom freely, set seed heavily, and produce larger yields of higher quality plants when glass fertilizer is incorporated into usual fertilizer mix.

Mr. and Mrs. Lester Holmes spent a week visiting her parents, Mr. and Mrs. C. M. Smith in Tupelo, Miss. While there they were joined by her son Tommy Jackson, of Red Bay, Ala., who visited with them. They also visited her brother and sister-in-law, Mr. and Mrs. Carol Smith in Tupelo, before returning to their home in Pahokee.

## Pick your savings target and shoot straight for it!

**A** home ... financial security ... a business of your own. Important savings targets like these cost money—a substantial sum—and more than most of us have. But here's a sure way for you to score a bull's-eye and walk off with the big prize you want.

The secret of saving is system. And the simplest, most automatic saving system ever devised is the Payroll Savings Plan. Best of all, you do more than save through Payroll Savings. You invest your money, too, and make it grow. Here's how it works:

Tell your company pay office how much you want to save each week. Then each pay period that amount will be put aside for you before you have a chance to spend it. Your money will go automatically into U. S. Series E Savings Bonds.

Because Savings Bonds earn good interest—3% compounded semiannually when held to maturity (9 years and 8 months)—they're soon worth much more than you've invested in them. And your Bonds will continue to pay this same good interest as long as 19 years and 8 months. That means a return of up to 80% more than you originally paid.

And remember this. There's no guesswork or chance about the Payroll Savings Plan. It's absolutely safe and sure. Invest just \$7.50 a week. In 5 years you'll have Savings Bonds worth \$2053 in cash; in 10 years, \$4448.

Even if you've never been able to save before, this plan is guaranteed to work for you. So sign up today for Payroll Savings where you work—or invest in Bonds regularly where you bank.

**For the big things in your life, be ready with U. S. Savings Bonds**

The U. S. Government does not pay for this advertising. The Treasury Department thanks for their public relations, the Advertising Council and

### The Everglades News

PAUL RARDIN, Publisher

*Uncle Sam made the bonds you own  
an even better bargain!*

# Now your maturing Series E Bonds can earn interest 10 more years at 3%

PRESENT TREASURY REGULATIONS make it possible for you to collect a return of as much as 80% on the Series E Savings Bonds you already own!

For now those Bonds which you invested in 10 years ago can go right on earning interest for ten more years without your doing a thing about it! That is true not only of the Bonds which you have held for ten years, but any other Series E Bonds which you have invested in in the meantime. And any Series E Bonds which you obtain now will also enjoy the extended earning period. They will start earning interest sooner and mature earlier, too, paying 3%, compounded semiannually.

The Bond you got for \$18.75 can now pay you \$33.67 . . . a \$37.50 Bond will be worth \$67.34 . . . and so on.

Of course, any Series E Bond may still be redeemed at any time after you have held it for two months. But, like any other form of saving, your Bonds will mean a great deal

more to you if you can hold on to them.

Are you one of the millions of Americans who are saving regularly with Savings Bonds through the Payroll Savings Plan? If you're not, why not start now? Invest regularly in Bonds through the Payroll Savings Plan where you work. Ask your pay office to save as little as 25¢ a week for you, or as much as you are able.

If you can save just \$6 a week regularly through the Plan, in five years you will have \$1,367.90 . . . in 9 years and 8 months, you'll have \$2,860.70 . . . and in 19 years and 8 months, \$6,872.45! This Plan is one sure way to save because it saves something out of every check before you have a chance to spend it.

So join the Payroll Savings Plan where you work today. Or, if you are self-employed, start the Bond-A-Month Plan where you bank. It's safe, it's sure, it's automatic. And you will be helping yourself and your country!

If you want to be paid  
your interest as current income—  
invest in 3% Series H

If you want a good, sound investment which pays you your interest by check every six months, ask at your bank about United States Government Series H Bonds. Series H is a new current income Bond available in denominations of \$500 to \$10,000. Redeemable at par after 6 months and on 80 days' notice. Matures in 9 years and 8 months and pays an average 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Series H may be purchased at any bank, annual limit \$25,000.

## Now even better! Invest more in Savings Bonds!

## PERSONAL NEWS NOTES

Mr. and Mrs. J. L. Repper, and family, of Canal Point, have returned from West Palm Beach where they visited relatives for several days.

Mr. and Mrs. Clarence Maxwell have returned from Cottontale, Fla., where they visited with his brother-in-law and sister, Mr. and Mrs. K. Gilbert for several weeks.

Mrs. L. D. Duke and children have returned from Miami and Okeechobee where they spent a week visiting relatives.

Sandra Lampi, who attended Summer Band Camp at University of Miami won a trophy at the camp for the most athletic girl also awards in honor cabin, progress in music and service. Sandra has been chosen as drum majorette for Pahokee High School Band. She succeeds the Misses Nancy Thomas and Cindy Friend, who graduated last year.

Mr. and Mrs. Robert O. Lampi and family are vacationing with his mother in Michigan and her parents in Tampa.

Mr. and Mrs. Ellis Wilkinson and children Walter Ellis and Lois Anne have returned from a vacation at Naples Beach.

Sarah Ann, Julia and Alice Johnson will leave Saturday for Jupiter where they will attend Girl Scout Camp for a week.

Mr. and Mrs. J. L. Reeves are moving into their new home, recently completed in Vetsville, this week.

Rev. and Mrs. James Boyd and family have returned from Hopkinsville, Ky., where they visited her parents, Dr. and Mrs. O. L. Barnes. They were accompanied on their return by their daughter Jane who spent several weeks as the guest of her grandparents. Enroute home they also visited his aunt, Mrs. Elbert Nelson in Pulaskee, Va.

Mr. and Mrs. E. A. Culberson, Sr., who are spending the summer in Boone, N. C., will return to their home in Pahokee this week to attend the wedding of their son, William E. Culberson and Miss June Holcomb Sunday at the Chosen Missionary Baptist Church.

Leland Keene spent Sunday with his brother Jack Keene, who is seriously ill at Coral Gables Hospital.

Mr. and Mrs. Wm. DuBose have returned to Pahokee after a visit with her brothers and families in Goodwater, Ala., and his mother in Columbus, Ga.

Mr. and Mrs. W. H. Folds and family, who have been spending the summer in Wyatt, Ark., are expected to return to their home next week.

Mr. and Mrs. D. P. Hughes and family are visiting relatives in Pensacola, Fla., and Mrs. Hughes at her mother, Mrs. S. C. Campbell in Laverne, Ala. Before returning home they will vacation in the mountains in North Carolina.

Mrs. J. E. Carter of Jacksonville is the guest of Mr. and Mrs. M. D. Geiger this week.

Rev. Charles Stewart left Thursday for Statesboro, Georgia where he will join Mrs. Stewart who has completed six weeks summer school at Teachers College. Rev. and Mrs. Stewart and son, Charles of Statesboro will spend a week visiting relatives in Georgia.

Mr. and Mrs. Earl Maxson visited relatives at Lake Placid Sunday and were accompanied home by their son, Mike who spent the past week there.

Mr. and Mrs. A. R. Harrington and family returned to their home Saturday after a vacation spent at MacDonalds Villas at Singer Island.

Mr. and Mrs. M. J. Sapp have returned to their home after a vacation spent at Ft. Myers Beach.

Mr. and Mrs. J. E. Williams and daughter, Velma and Betty Jean Clark are visiting relatives in North Florida and points of interest in Georgia.

Mrs. J. W. Barrett, Mrs. Fred Hand, Billie and Gordon Hand and J. V. Thomas were joined by Mrs. Ed Forbes, Mrs. Steve Erle and children of West Palm Beach and Mr. and Mrs. Donald Hand of Jacksonville for a weekend at Myakka River State Park at Sarasota.

Mr. and Mrs. James Miller have returned after a vacation spent at Salerno.

Mr. and Mrs. Ponce McDonald and daughter, Carol have returned to their home in St. Petersburg after visiting her mother, Mrs. N. V. Maxson.

Mrs. Arnold Hughes entertained with a birthday dinner Monday evening at her home honoring her husband who was celebrating his birthday anniversary. Dinner guests were her parents, Mr. and Mrs. M. J. Sapp and his mother Mrs. Jessie Hughes.

Mr. and Mrs. Carl Cooper and children spent the weekend with their son-in-law and daughter Mr. and Mrs. Ray Blass and family. The Coopers spent last weekend with relatives in Tampa.

Miss Karen Shields has returned to her home in Maryville, Tenn., after visiting Miss Nancy Thomas for a week.

Miss Lillian Carol Johnson has returned to her home in Trenton after visiting her uncle and aunt, Mr. and Mrs. Ralph Johnson and family.

Alfred Kahn, who is stationed with the National Coast Guard at Cape May, N. J. is visiting his parents, Mr. and Mrs. Joe Kahn. Alfred will be out of the service in November when he gets his honorable discharge.

Mr. and Mrs. Lewis Friend and family and Mr. and Mrs. Leon Spooner spent the weekend as guests of Dr. and Mrs. E. J. Graham and family who are spending the summer at their cottage on Lake Okeechobee, near Okeechobee City.

Mr. and Mrs. Louis Davis are visiting relatives in West Florida this week.

Miss Sandra Long, an airline stewardess flying out of Miami, was the weekend guest of her parents, Dr. and Mrs. R. R. Long.

L. G. Alderman has returned to Arcadia where he is employed after visiting his family here over the weekend.

Col. and Mrs. W. S. Evans have returned from a vacation of six weeks in the western states. While away they visited their son-in-law and daughter in Texas, vacationed in Yellowstone Park, and Colorado Springs. On their return they visited their son and daughter-in-law in Kentucky.

Mr. and Mrs. L. J. Fraser have returned from Houston, Tex., where Mr. Fraser had a physical checkup at the Methodist Hospital there. They were accompanied to Houston by their son-in-law and daughter, Mr. and Mrs. Wm. Davenport and daughter Debbie.

Over the weekend Mr. and Mrs. Fraser attended a Florida State Elks Association convention at Holiday Isles, Fla. While away they visited Mr. and Mrs. Davenport in Tampa and heard the Rev. Carson T. Howes, Methodist minister, formerly of Pahokee, preach Sunday morning, at his church in that city.

Mrs. George O. Schroder and her daughter and houseguest, Mrs. Ralph Elgin and children of Harrisburg, Pa., visited friends in Delray Beach and Palm Springs this week.

Mr. and Mrs. James W. Vann attended the State Elks Association convention at Holiday Isles over the weekend.

Mr. and Mrs. C. W. Pell and family who have been visiting his mother in Davis, W. Va., are expected to return to their home in Pahokee next week.

Mrs. Albert Garcia and children who spent a week visiting her parents, Mr. and Mrs. Duncan Padgett have returned to their home in Tampa.

Louis and Jerry Gold have returned from Mexico City where they spent six weeks vacation.

Mr. and Mrs. C. M. Baker had as guests this week their son and daughter-in-law, Mr. and Mrs. Charles Baker and family of West Palm Beach and their daughter, Mrs. Laverne Wright and son Tommy, of Stuart.

Mr. and Mrs. Edward Arons and family have returned from Miami where they spent a week vacationing.

Fred Blakey is spending a week visiting Harry Brooks Elarbee and Nealy Johnson in West Palm Beach.

Mr. and Mrs. O. Dan Carpenter are visiting their son-in-law and daughter, Mr. and Mrs. Vance Denton and family in Boone, N. C. Mr. and Mrs. Denton are attending summer school at Appalachian State Teachers College in that city.

Mrs. R. F. Harvey who joined her husband in New York for the summer, was accompanied as far as Rome, Ga., by Mrs. W. H. Brewton, who visited relatives there. Before returning to her home this week Mrs. Brewton also visited relatives in Springfield, Ga.

Mr. and Mrs. Joe Hutton, Sr., accompanied by her sister, Mrs. Ralph Stanley are visiting Mrs. Hutton's and Mrs. Stanley's mother, Mrs. Crippen in Danis this week.

## Christian Science Group Of Canal Point

Brotherhood will be a theme dealt with at Christian Science services Sunday in the Lesson-Sermon entitled "Love". Paul's stand on brotherhood is emphasized in readings from the Bible including this passage from I. Corinthians (1:10): "Now I beseech you, brethren, by the name of our Lord Jesus Christ, that ye all speak the same things, and that there be no divisions among you; but that ye be perfectly joined together in the same mind and in the same judgment."

Correlative citations from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include (467:9-13): "It should be thoroughly understood that all men have one Mind, one God and Father, one Life, Truth, and Love. Mankind will become perfect in proportion as this fact becomes apparent, war will cease and the true brotherhood of man will be established."

## Miss Holcomb Is Honored At Shower

Miss June Holcomb, of Belle Glade bride-elect of Wm. Culberson, Pahokee, was honored at a miscellaneous shower Thursday evening at Pahokee Woman's Club. A color motif of pink and green was carried out with pink hibiscus and fern. Mrs. Rufus Woods, Jr., assisted the honoree in opening and displaying the many lovely gifts she received.

Hostesses for the occasion were: Mrs. J. S. Atkins, Mrs. Ollie Batchelor, Mrs. Oliver Stapler, and Mrs. Ruben Barfield.

Some 20 guests attended.

Mr. and Mrs. J. M. Elliott and family and her mother, Mrs. Emma Wheeler have returned from Riviera Beach where they vacationed for a week.

# FARMING IS BIG BUSINESS IN FLORIDA

- Florida's farms, ranch lands and groves comprise half the area of the State.
- Their gross cash income has reached 750 million dollars per year.
- The average value per farm is estimated at \$40,000.

There's NO MATCH for "Sunshine Service" Still the **BIGGEST** Bargain in Town

The farmer is a vital person to the State's economy. He keeps in stride with the latest techniques and labor-saving methods ... knows that electricity can do in minutes the back-breaking chores that used to take hours.

Yes, the big difference in today's rural scene is that ever-Reddy electric switch for getting things done faster, cheaper, more efficiently

FLORIDA POWER & LIGHT COMPANY • FLORIDA POWER & LIGHT COMPANY • FLORIDA POWER & LIGHT COMPANY

a castle in the air costs nothing  
—but you can't live in it!

Make your dream house come true! It's easy  
—through Payroll Savings!

If you think you can't own the home of your dreams because the down payment's too steep, chances are you've never tried the Payroll Savings Plan. Because this is the easy, automatic way to meet any down payment—for a house or any large purchase.

Just do this: Sign a Payroll Savings application at your pay office, earnings outside earn to be kept aside from your pay before you get it each week—a few dollars or as much as you want. After that, you're saving automatically—nothing to worry about, nothing to do. And, best of all, the money saved out of your pay each week is automatically invested for you in U.S. Series E Savings Bonds.

Because Savings Bonds earn solid interest—3% cumulative annually when held to maturity

—the few dollars saved from your pay each week soon grow into big generous amounts. For instance, if you sign for \$12.50 a week, in just five years you'll have \$3,345.95 cash. In 9 years, 6 months, you'll have \$7,217.20!

So don't let down payments get you down. Meet your needs for ready cash the way more than 50 million other Americans are meeting theirs—Join the Payroll Savings Plan today. Or, if you're self-employed, invest in Bonds regularly where you bank. Start now to make your dreams come true!

*If you want your interest on savings income, ask your bank about Series H Bonds, which pay dividends annually by Treasury check.*

#### Choose your own savings goal

	If you want approximately		
	\$5,000	\$10,000	\$25,000
Don't work less than 5 years and 6 months, save...	\$5.00	\$10.00	\$25.00
Don't work less than 9 years and 6 months, save...	\$5.75	\$11.50	\$28.75

The chart shows only a few typical examples of savings goals and does not include the effect of inflation. For more information, contact your bank or the U.S. Savings Bonds Office, Washington, D.C. 20535.

## Glades Market Sells 538 Cattle Last Week

WINTER HAVEN — According to reports received from livestock sales centers throughout the state by L. H. Lewis, Director of State Markets, 6,339 head of cattle and calves and 2,515 hogs and pigs were sold the past week by 17 markets. Of these, 12 markets reported their gross sales for a total of \$348,361.62.

The previous week's total on markets was 7,442 head of cattle and calves and 1,838 hogs and pigs. Gross receipts reported by 11 markets totaled \$427,994.17.

A year ago the sales given by 16 markets were 10,785 head of cattle and calves and 2,782 hogs and pigs. Twelve markets reported gross returns of \$565,087.42.

Individual summaries follow:

Arcadia State LS Market, July 22, 464 cattle and calves.

Belle Glade, Glades LS Auction Market, July 20, 538 cattle and calves.

Kissimmee LS Auction market, July 22, 505 cattle and calves, 10 hogs and pigs.

Lakeland Cattlemen's LS Auction market, July 21, 845 cattle and calves.

Okeechobee LS market, July 21, 458 cattle and calves.

Orlando, Mid-Fla. LS market, July 20, 462 cattle and calves, 60 hogs and pigs, 5 horses and 1 mule.

Wauchula, Hardee Co. LS market, July 23, 710 cattle and calves.

## 4-H Meats Contest Planned Aug. 15-In Hillsborough County

TAMPA—Nearly 100 Florida 4-H Club boys and girls will participate in a meats workshop and judging contest here August 15, according to Dr. R. L. Reddish, associate animal industrialist with the Florida Agricultural Extension Service.

The workshop, sponsored by the Extension Service, will begin at 8:30 a. m. in the demonstration room of the Hillsborough County court house. The 4-H Club members will receive instruction on grading, selecting and identifying various cuts of meat. The workshop will feature slides and demonstrations.

Fifteen Florida counties are expected to participate. These include Charlotte, Citrus, DeSoto, Hardee, Hernando, Highlands, Hillsborough, Lee, Martin, Osceola, Pasco, Pinellas, Polk, Sarasota, and Sumter.

The contest portion of the program will be held in the Lykes Brothers packing house. Here, the 4-H boys and girls will put into practice the knowledge gained during the workshop.

The identification, grading and judging contest will feature cuts of beef, pork, and lamb; carcasses; and wholesale cuts of beef and pork. Contest winners will be awarded meat cuts and meat products as prizes.

Dr. Reddish says the Hillsborough workshop is the first step toward a planned statewide event to be held in Gainesville early in December. These workshops are training schools for the annual Southeastern Meats Judging, Grading and Identification Contest in Ocala in March.

## Mackey Airlines Gets New Route

TAMPA—The Civil Aeronautics Board has tentatively permitted to Mackey Airlines to carry passengers and cargo between Tampa-St. Petersburg and Ft. Lauderdale and between Miami and West Palm Beach. The CAB also would allow Eastern Airlines to serve St. Augustine as an intermediate point between Jacksonville and Daytona Beach.

The board also tentatively voted to authorize Southern Airways to serve Eastern Tennessee from their Birmingham, Ala. base. It would give Eastern permanent authority to serve Ocala, Gainesville and Melbourne as well as permitting National Airlines to serve Panama City.

Mrs. A. C. Phillips is visiting relatives in Clewiston this week.

## Phone Company Creates New Jobs

C. J. Yates, Vice President and General Manager for Southern Bell Telephone and Telegraph Company, announced today the creation of twelve new executive staff positions at the Florida area headquarters in Jacksonville.

Yates said the creation of these new positions completes his firm's divisionalization plans which began in August of 1957. At that time, three operational divisions were established with headquarters at Jacksonville, Orlando and South Florida. The need for the new staff positions and divisionalization were attributed to Florida's rapid and continuing growth.

Appointed to new staff positions in the Engineering organization are: D. R. Steele, General Equipment and Building Engineer; M. E. Glisson, General Plant Extensions and Costs Engineer; and J. T. Bayer, General Transmission and Outside Plant Engineer.

Appointed to new staff positions in the Plant organization are: D. C. Wilkins, General Plant Supervisor; J. C. Bone, General Building Supplies and Motor Vehicles Supervisor; and N. M. Hutchinson, General Plant Personnel Supervisor.

Appointed to the new staff positions in the Traffic organization are: E. J. Brackey, Jr., General Traffic Supervisor; J. C. Keat, General Traffic Personnel Supervisor; and M. C. Low, General Traffic Engineer.

Appointed to the new staff positions in the Commercial Department are: B. P. Canty, General Commercial Supervisor; C. M. Garity, General Commercial Engineer; and W. A. Ketcham, General Sales Manager.

Simultaneously, Yates announced the appointment of three new Division heads for the North Florida division operations with headquarters in Jacksonville. They are: H. V. Dartigalongue, Division Commercial Manager; J. A. Vickers, Division Engineer; and E. J. Bailey, Division Traffic Manager. D. C. Wilkins and E. J. Bailey, who now reside in Fort Lauderdale, and H. V. Dartigalongue, now living in Miami, will move to Jacksonville to assume their new positions. The other men receiving the new appointments are now residing in Jacksonville.

## Luncheon Honors Phone Co. Workers

A luncheon was held by Southern Bell Telephone Company celebrating July 14, the promotion of John L. Dees former District Traffic Manager of West Palm Beach District. The luncheon took place in the lounge of Southern Bell's Traffic Building in Belle Glade.

Mr. Dees was recently appointed Division Traffic Manager in Louisville, Kentucky. Mr. Dees came to the company in 1949 and has held positions of increasing responsibility in Jacksonville, Miami, and West Palm Beach.

Mr. Bressette entered the company in 1950 and has held positions of increasing responsibility in Jacksonville, Miami and Orlando.

The luncheon was prepared by Southern Bell employees of Belle Glade. Mrs. Alice Keniston, Mrs. Eloise Caldwell, Mrs. Thelma Taylor and Mrs. Juanita Allen acted as hostesses.

## New Developers In Fort Lauderdale

FT. LAUDERDALE — A new giant in Florida's land development field appeared recently with the announcement that U. S. Land Development Corp. had acquired major holdings in a transaction involving an estimated \$30 million in properties on both the east and west-coasts of the state.

Charles E. Hoy, president of U. S. Land, revealed the company had acquired Eastern Shores, a waterfront community in North Miami Beach, and 1,300-acre Venice East, a Florida West Coast development. The Eastern Shores properties consist of a 411-acre tract.

The transaction, involving exchange of 1,050,000 shares of U. S. Land Stock, in subject to the approval of the company's stockholders next month.

## Rogers Is Honorary Future Farmer

Congressman Paul G. Rogers was this week presented with an honorary degree of "State Farmer" by Randy Kincaid, State President of the Future Farmers of America from Lake Wales, Florida.

The presentation to Congressman Rogers took place during a special awards breakfast at the Capitol in Washington. There are 8,500 members of the Future Farmers of America in Florida, and the group is composed of individuals studying vocational farming throughout the State.

In receiving the award, Congressman Rogers said he was very proud of the honor being presented to him, and he commended the Florida Future Farmers for their many civic and agricultural accomplishments.

## Youth Center To Have Teenage Dance

There will be a dance at the Youth Center in Pahokee Saturday night of this week for the teenagers of Pahokee and Belle Glade. The Belle Glade teenagers will be guests of the Pahokee group.

Music will be furnished by the juke box, said Mrs. Kincaid, but new records have been bought for the occasion. Girls are asked to wear street dresses and boys dark trousers, Mrs. Kincaid said.

The youth center is open on Monday nights from 7:30 to 9:30 for children ages 6-12, and on Tuesday, Friday, and Saturday nights from 7:30 to 11:30 for teenagers 13-19.

Two hostesses from Belle Glade, Mrs. Sands and Mrs. McWhorter, will accompany the Belle Glade teenagers to the dance Saturday night. Decorations for the dance are being done by Becky Barwick.

## Miss Mock To Wed Jack Boland In Ga.

Miss Patricia Ann Mock, daughter of Mr. and Mrs. Ivan Levan Mock of Savannah, Georgia and Jack E. Boland, son of Mr. and Mrs. E. R. Boland of Pahokee, will be married at the Calvary Baptist Church in Savannah on Saturday, August 8, at 7:00 p. m.

Mr. Boland is a graduate of Pahokee High School and Palm Beach Junior College. He is now employed in West Palm Beach.

## Florida Has 198 Radio And TV Stations

Florida has a total of 198 authorized radio and television stations and a ranking of fifth among the states in this respect, the Florida State Chamber of Commerce said yesterday.

Commercial broadcasting services in Florida number 148 AM radio stations; 19 FM stations and 23 television facilities.

In the field of educational broadcasting, there are 4 FM radio stations in the state and the same number authorized for television. With the addition of a new television facility, now pending, Florida will rank second only to New York in educational broadcasting services available.

There are 157 educational radio and 53 television broadcasting fa-

cilities throughout the nation. Florida has no translator television, although there are 140 such stations throughout the nation.

On the basis of population, Florida has an average of 4.5 stations of some type to each 100,000 residents, about the same as the average for the southern states.

Ceramic tile is manufactured in the United States in an almost infinite variety of colors, sizes, shapes and textures. American manufacturers even offer a choice of edges. Their products are available either with a square edge or a cushion edge, which is slightly curved.
